The Paddington Ratepayers' Association has approached the local council with a view to the provision of playing areas in the municipality. The association pointed out that such places were necessary to the physical development of the rising and future generations of

The district, HAMPSHIRE PARK, might prove a suitable site for the purpose. The association also directed attention to the absence of running tracks in those areas already provided at the Domain and Centennial Park.

Alderman Dillon thought that the idea was good, but the only way he could see out of the difficulty was to approach and induce the Federal Government to devote a little piece of the Victoria Barracks space to the purpose.

It was the most suitable site in Paddington.

He moved that the general development be approached.

Alderman George suggested that the subject was too important to decide without due consideration. It was a matter for the works committee. "I think this country goes in too much for pleasure. A little more discipline at home might do more good than running tracks." He moved as an amendment: "That the works committee consider the subject."

The Mayor (Alderman Meade): "The idea of a track at Victoria Barracks for the

WHAT HEALTH MEANS TO BUSINESS MEN.

KEEP THE LIVER AND STOMACH IN GOOD WORKING ORDER.

A REMEDY THAT CURED MR. THEAK, AS IT HAS CURED OTHERS.

Business Men who suffer from liver affections are never healthy nor mentally keen; intellect suffers, success in business is not certain. An affected liver often proves the means of serious ill-health, and, perhaps, organic disease.

Disorders of liver, nerve, stomach,

or kidneys can be prevented by the timely use of the great remedy and nerve invigorator, Clements' Tonic, which purifies the blood rapidly, benefiting the entire organs of the system, and creating good health. Mr. Thomas Theak, of 88 Botany-road, Alexandria, affirms this in his statutory statement made before Mr. W. A. Powell, J.P., recently. His story shows to all men and women the necessity of guarding against disease, by keeping the system in good health, before they

the liver and stomach, it becomes so impaired as to ruin health. It will also show everyone what a valuable and magical liver and stomach corrector they have in Clements Tonic.

Mr. Theak is only one of hundreds who had received back the priceless gift of health when he thought he had lost it. He had been suffering for a long time, his liver was functionally deranged, he could never eat, life was a burlesque on health, he was tired of living.

Yours very truly,
J. W. WOODBURN.

"It is best to drop it," I almost dropped, the pain in my shoulders was fearful, a vile taste in my mouth, with coated tongue, was ever present; with giddiness, constipation, stomach pains, and gas; and headaches so bad I could scarce raise my head. My son recommended Clements' Tonic. I took in all six bottles, and now I am never ill. Its appetizing properties are wonderful. I'm positive in this respect there is nothing to equal it."

THOMAS THEAK.

Sworn before W. A. Powell, J.P., Waterloo.

There are no poor appetites, bad livers, or defective kidneys in the homes where CLEMENTS' TONIC is kept, because it is a sure guarantee of health, and preventer of disease. Always keep it. All storekeepers and chemists sell it throughout Australasia.

THE WARATAH.

SUSPECTED SIGHTING.

OFF EAST LONDON.

SLOWLY MAKING FOR DURBAN.

LONDON, Aug. 10.

The agents of the Blue Anchor line at Durban have received the following telegram:

"East London Signal Station.

Monday. — Blue Anchor vessel

sighted a considerable distance

off; slowly making for Durban,

where she will probably arrive

Tuesday."

It is suggested that the vessel is the

Waratah.

NO NEWS TUESDAY MORNING.

LONDON, Aug. 10, 11.20 a.m.

The owners were without news of the

Waratah up to noon, Durban time, to-

day.

(Note at Durban would be 10 a.m. at Lon-

don and 5 p.m. at Sydney.)

SCHEME OF SEARCH.

THE ADMIRALTY HAS ORDERED THE SEARCH

TO BE CONDUCTED IN ACCORDANCE WITH THE

THEORY.

An engineering expert, Mr. C. S. Rich-

ardson, who travelled from Guelph to Dur-

ban, has been asked to examine the

Waratah, and to report on the

possibility of her being the vessel

which was sighted off East London.

It is stated that Mr. Sawyer, a passenger

on the Waratah, broke his journey at Dur-

ban, owing to his having a premonition

of danger.

THE SUPPOSED SIGNALS.

AS READ FROM THE GUELPH.

LONDON, Aug. 9.

The owners have no news of the steamer

Waratah.

The recognition by the steamer Guelph

of the Waratah eastward of 50° 30' N.

on the night of July 27, 1909, is the

only one of the third officer, who read

flashes showing the terminal letters "H."

which were supposed to mean Waratah.

The warships Fort and Pandora are

again on searching.

It is reported that the Waratah also took

300 tons of bunker coal at Durban.

WHAT THE AGENTS SAY.

MUST BE THE WARATAH.

"The vessel sighted in the Blue Anchor line

was the Waratah," remarked Mr. Char-

les, of Messrs. G. H. Watt, and Sand-

ers, the agents for the Blue Anchor line.

"We have been satisfied all the time that the

Waratah was the vessel which was sighted

off East London, and that she would

make her way to Durban."

"There can be no question, I think, of the

identity of the vessel sighted. The authorities

COST OF VALUATION.

LONDON, Aug. 10.

Consideration of the Finance Bill, after

an interruption of a fortnight, was resumed

in the House of Commons last night. The

clause was frequently applied to amend-

ments on the clause providing for the taxa-

tion of undeveloped land at the rate of 10

in the 100.

In the course of a spirited discussion,

Mr. Lloyd George, Chancellor of the Ex-

chequer, disclosed the intention of the Gov-

ernment, that the State should undertake

the valuation, which he estimated at

£10,000,000.

Mr. J. A. Balfour contrasted the small

yield of some land taxes with the cost of

an amendment to omit the word "unde-

veloped" before "land" with a view to in-

serting the words "which is unreasonably

withheld from development."

He argued that Ministers had

hitherto defended the tax on the plea that

the landowners were deliberately holding

back the land.

evidence of the market value that could be

SPORTING.

THE TURF.

The purchase of Mooltas for the stud in this State has been received with general satisfaction by all classes connected with racing. The blood stock breeders in particular, Mr. John Samuel has gone out to New Zealand, to purchase a number of stallions, which are advertised among the stud stallions in the current issue of the "Sydney Mail." The "Mail" list of advertised stallions, which consists of 97 horses, has been further increased by the addition of a son of Havoc, to Mr. Carnarvon, who has gone out to New Zealand, on the Coonamble line, to John Holbrook, in his new home.

In the current issue of the "Sydney Mail" there is published a comparative list of successful stallions, whose progeny have won over 100 races, during the last year, to Gosford, who is the last of 37 stallions that come within the scope of this compilation. In addition there is a list of winning stallions, whose stock won 4000 or under during the past season.

Followers of money and galloway racing will be catered for to-day by the Ascot Racing Club. The course is reported to be in splendid order, and as classes are expected to face the starter, interesting sport will be witnessed. The first race is to start at 12.30 p.m., and special trains will run to the course.

MacCauley, Morton, and Co. report having sold on account of Mr. D. Allison, to the A.M. and P. Company, the bay stallion Redwood, five years old, who has gone out to New Zealand, by Carbine, for stud purposes, at £600. The same firm also report having renewed the lease of the Orill mare, Naradine, for a further period of 12 months to Mr. J. P. Finn.

What is regarded as a record long jump for a horse, was made by a stallion named "The Duke," who was owned by Mr. J. R. Ross's Daystar at Horsham whilst being schooled for the forthcoming show. From take-off to landing over a 31 ft. hurdle the distance covered was 35 ft. As far back as 1847 a horse named "Chandler" covered 37 ft. over a hurdle in England, while in 1887, at Canfield, Linton, ridden by R. Batty, covered 35 ft. over a hurdle.

Carbine, with eight wins of the total value of £4915, was fourth in the list of successful stallions in England when the last mail left London. "Cyllene" was at the head of affairs with £13,746, and "The Duke" with £12,600, and Gallant £10,650.

A meeting of the board of management of the Associated Jockeys' Club was held on Tuesday, when the jockeys' licenses were granted to M. J. Hayes, A. P. Goodwin, and J. Bindon, and a trainer's license to Mr. J. Bindon. Mr. White (jockey) was given leave to appeal against the decision of the Ascot stewards in disqualifying him on the 10th of July, and the appeal will be heard at 11 a.m. on Monday next. The disqualification on W. H. White, jockey, was reduced to suspension.

At a committee meeting of the Canowindra Jockey Club, a statement of accounts disclosed that a loss of £235 had been incurred in their recent race meeting. The club still has a credit balance of over £50. It was decided not to hold any further meetings until the opening of the Canowindra railway.

The Wellington Jockey Club has decided to join the Western District Jockey Association, and Mr. W. P. Kelly has been appointed delegate to the conference.

The Boroondra race meeting, which was held on Tuesday, was a very successful one, and the racing was of a high standard. The first race was won by "The Duke," who was ridden by Mr. J. R. Ross. The second race was won by "The Duke," who was ridden by Mr. J. R. Ross. The third race was won by "The Duke," who was ridden by Mr. J. R. Ross. The fourth race was won by "The Duke," who was ridden by Mr. J. R. Ross. The fifth race was won by "The Duke," who was ridden by Mr. J. R. Ross. The tenth race was won by "The Duke," who was ridden by Mr. J. R. Ross.

More than ordinary interest is at present being taken in suburban race meetings, owing to the near prospect of the opening of the railway. Horses that will sport well in the big events at Randwick are now being trained at the suburban tracks.

A very heavy morning, when proceedings were commenced, but it only lasted for a short while, and did not interfere with the racing. The first race was won by "The Duke," who was ridden by Mr. J. R. Ross. The second race was won by "The Duke," who was ridden by Mr. J. R. Ross. The third race was won by "The Duke," who was ridden by Mr. J. R. Ross.
